

# WE'LL MAKE THE WORLD A BETTER PLACE FOR ALL

© Steve Heron *Guitar Chords in Blue*

*CHORUS:*           C                   D                   G  
We'll make the world a better place for all.  
                  C                   D                   G  
No matter if you're short or if you're tall.  
                  C                                   D  
We'll make the world a better place,  
                  C                                   D  
People with smiles upon their face,  
                  C                                   D  
Proud to be the human race,  
                  C                   D                   G  
We'll make the world a better place for all.

1.    *Em*                                   D  
      Children through the years  
      *Em*                                   D  
      Wipe away the tears  
      *Em*  
      No excuse for abuse  
      C                                   D  
      Nothing left to fear.
2.    *Em*                                   D  
      Oh, if you please  
      *Em*                                   D  
      Suffering may cease  
      *Em*  
      People who can forgive  
      C                                   D  
      Learn to live in peace
3.    *Em*                                   D  
      Show more love today  
      *Em*                                   D  
      This is what I pray  
      *Em*  
      Love knows the way to live  
      C                                   D  
      Love is the way.
